

BUE E-learning System

E-Learning system for the British university in Egypt. Its main aim is to provide the complete resources and reference for BUE students in addition to providing a safe platform for studying, taking exams and doing assignments online.

The system is going to be self-assessment, which means that all exams and assignments can be marked and evaluated automatically. It will be built for both students and Professors to help them doing their work faster and easier.

BUE
E-Learning System

Very important Notes:

- 1. Index (sign in) page is totally supported by JS, so there are only a few number of users can sign in**

For students Use :

userNames = abdelrhman225328

passwords = 12345

For professors web Use :

userNames = nivine.atf

passwords = 123456

The existed accounts can be deleted by clicking on their (x) and only these users can sign in or add a new account if it was deleted

Website Goal

The main aim of the site (E-learning system) is to assist both students and professors of the British university in Egypt to reach or create all their courses, references, and other related information. It is going to include some global content such as the modules that are similar for a number of students in the same academic year and other private content for individuals like the study time table and the results of exams. Moreover, the online exams will take a place there as well so that they will be built and designed by professors to allow students to take all their exams online and get the result once the finished. Overall, there will be one online environment that can be used by learners and instructors so that they can do all their work and get connected faster and easier.

Here are the all features that are supposed to be included:

1. Sign in / Sign up / Reset password
2. Home pages (for both students and professors)
3. Courses and e-books of the academic year
4. Create exam & assignments
5. Statistics and analyses
6. General information about the ways of contacting technical support
7. SRS system
 - Personal account information
 - Selecting the major
 - Selecting Modules
 - Studying time table
 - Exams time table
 - Online payment
8. Online exams / assignments
9. Results

What kind of information do we need?

- **Images (Backgrounds & pictures & Logo)**
 - a. Background of some pages
 - b. Icons
 - c. Picture of cards
- **Academic Media**
 - a. Videos to be included to the modules
- **PDF / E-books**
- **Links (For videos)**
 - a. For downloading the books and required documents
- **Contact information**
 - a. Technical support emails
 - b. BUE contact info
 - c. Professors & TAs contacts
- **Realistic exams and assignments for the different modules**
 - a. Past exams for some modules
 - b. Exams model answers

How is BUE E-learning system going to use forms?

Forms will be essentially included to a number of pages of the site:

1. Sign in / Sign up / Reset password **(Done already)**
2. Create exam / assignments

This form is going to help professors to create online exams by providing suitable fields and input types to hold the question in addition to holding the model answers so that exams will be marked the grades will be shown once the exam is submitted by the students.

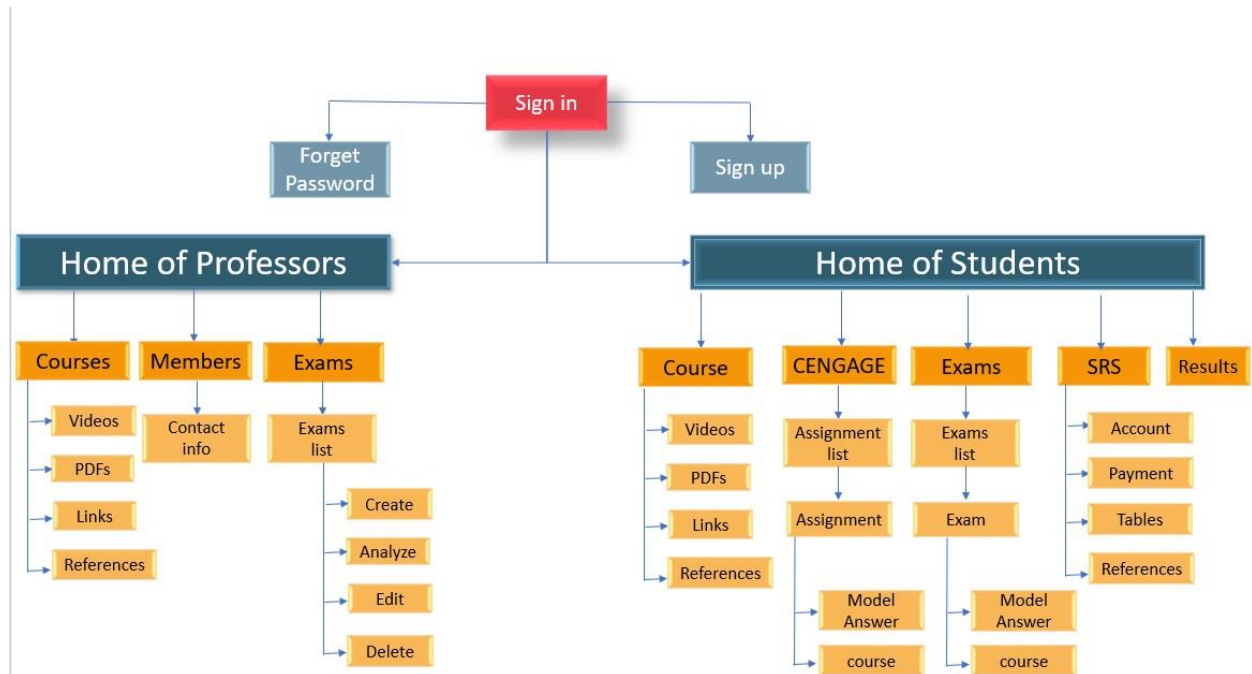

3. Online Exams / assignments

This will be the exam itself that will be answered by the students via "Student web view". It will be included in the exam and assignment pages in the students side. This form will include more than one type of questions such as MCQ, fill the gaps and mention the term.

4. Online payment (annual fees)

This form will be included to SRS page to allow students to pay the university fee online...

SRS (Personal account)

SRS (Online Payment)

The screenshot shows a web application for online payments. The top navigation bar includes links for Home, SRS, Exams, Tasks, and Results, along with a settings icon, a notification bell, and a user profile icon. The left sidebar contains a list of menu items: Personal Account, Online payment, study time Table, Module Evaluation, Exams Time table, and Select Modules. The main content area is titled 'Transaction Type' and contains a table with columns for Transaction Type, Name, Amount, and Date. Below the table, there are input fields for 'card number', 'Name on card', and 'Expiration Date'. A checkbox labeled 'use my default payment' is also present. A 'Pay' button is located at the bottom of the form. On the right side, there is a box stating 'Srs accepts all major credit and debit crads:' with three placeholder icons for credit cards. The footer of the page reads '© The British University In Egypt'.

Transaction Type	Name	Amount	Date

card number

Name on card

Expiration Date

☐ use my default payment

Srs accepts all major credit and debit crads:
